# WELCOME TO VISTA RIVER GARDENS

Vista River Gardens is an impressive 55-storey tower located on the bank of the River Irwell at Trinity Island, Manchester.

Offering a 5\* suite of amenities across four floors, and a unique geometric design that traces the river's meander through the city, it is the perfect place for anyone looking for the best of both worlds - a city home with an abundance of space, both inside and out.

Computer-generated images and photography are intended for illustrative purposes only and should be treated as general guidance only.

# ARCHITECT'S VISION

Vista River Gardens represents the first phase of development across two parcels of land either side of Trinity Way, each with its own secure underground parking, residents' amenity spaces and private external terraces. Whilst the complete development will read as a coherent whole, each parcel is given its own strong identity through a differing language of architectural design.

Vista River Gardens is arranged to frame a rich and verdant new garden space overlooking the River Irwell. Providing an open setting for the buildings, this new park will connect Salford via Regent Road with St John's, Castlefield, and Manchester city centre beyond.

The towers within Trinity Island rotate to address their immediate context, yet in combination form a partnership. Curved façades lock the towers into the natural bends of the river and site, whilst inflected façades contrast, to generate a visually slender tower form and encourage light and shadow to vary their appearance.

At ground level the towers are elevated above a series of exposed columns, forming generous 3-storey colonnades that address the arrival space at the heart of the site. The space between the towers provides visual and physical permeability from the city to the river's edge.

The lower floors are cut away, producing a unique series of interlocking and stepped amenity spaces and external double height roof terraces, virtually drawing the external landscape into the building.

The elevations reinforce the legibility of the building form, providing contrast between dark and textured curved façades, accentuated by repeated shallow vertical fins, with adjacent light and smooth inflected façades.

Three quarters of the site will be developed as parkland in an urban riverside environment. A continuous lower-level route across the site addresses the river, whilst the elevated podium is richly planted with a mix of trees, shrubs, and lawns, providing elevated river views. A fully accessible feature of steps and ramps connects the differing landscape levels.

# ELEVATED RIVERSIDE LIVING

Vista River Gardens is a collection of spacious one, two and three-bedroom apartments and penthouses, all benefitting from four levels of superior resident-only amenities.

An eye-catching tower elevated above a series of exposed columns and set within the Castlefield Conservation Area, nature is at the heart of the development.

Boasting a stunning riverbank setting and 1.6 acres riverside park, Vista River Gardens is also situated close to St John's, an area brimming with culture, enterprise and innovation.

Computer-generated images and photography are intended for illustrative purposes only and should be treated as general guidance only.

# TRINITY ISLAND: THE MASTERPLAN

Trinity Island has been designed to provide a spectacular new neighbourhood that will benefit its city centre location, whilst delivering new, high-quality homes with easy access to St John's - Manchester's inspiring new culture & enterprise district.

The development's drop-off area is perfectly situated in the heart of Trinity Island, with Vista River Gardens' located to the left. Sheltered under the overhang of the tower above, Vista River Gardens' entrance is located beneath this unique design form, with striking triple-height feature colonnades to provide theatre and grandeur.

The overarching Trinity Island masterplan also incorporates generous public realm on the bank of the River Irwell. Central to the development is:

- Trinity Gardens, beautifully landscaped public gardens spanning 1.6 acres;
- A riverside park, featuring both a children's play area and a dedicated dog park;
- 130m of scenic river frontage.

# ELEVATED CITY LIVING

## TRINITY GARDENS:

Boasting 1.6 acres of calming green space, Trinity Gardens offers residents a place to focus on their wellbeing, either by exercising along the river pathway or in the park, or by simply taking in the resplendent views.

Residents can also take advantage of the children's playing area and the dedicated dog park.

## THE RIVER:

Residents can make the most of Vista River Gardens' riverside setting by watching the Irwell's tranquil flow or the boats that travel gently along it.

As part of the development, Renaker is also creating a beautiful riverside walkway along the 130m of riverside frontage.

## LOCATION:

Situated within walking distance of the rich cultural area of St John's, Spinningfields' business district and Deansgate's numerous restaurants, bars and iconic Hilton hotel, Vista River Gardens is ideally located for those wishing to explore the world-renowned city of Manchester by foot.

# A HUB FOR THE ARTS & CULTURE

Those living at Vista River Gardens will find themselves at the heart of one of the world's most culturally diverse cities, with a number of Manchester's most popular attractions right on their doorstep. This includes:

- **Castlefield Urban Heritage Park** - a home to nature, outdoor events and a broad selection of gastro pubs, restaurants and bars.
- **Manchester Opera House** - an iconic venue built in 1912 which regularly stages the world's top productions.
- **HOME at First Street** - Manchester's centre for contemporary theatre, film art and music.

Some of Manchester's other popular cultural venues include:

- The Whitworth Art Gallery
- Manchester Museum
- Science and Industry Museum
- Palace Theatre

INTERIORS DESIGNED BY

Project Studio is an award-winning Manchester-based interior design studio co-founded in 2022 by Martin Dourish and Lauren Maylor.

Designing the interiors for Vista River Gardens, has given the studio an opportunity to tell the story of the site's rich history through the exploration of the former industries that once characterised the location, combined with celebrating the 'creative quarter', which sits adjacent to the scheme, and is now home to Aviva Studios.

Taking inspiration from the historic dyeworks, series of goods warehouses, and railway terminal that once inhabited the site, the studio's approach has been to design a series of internal stacked volumes, for residents to explore as they pass through the varied amenities on offer. Drawing upon the creative melting pot of the locale, the amenity areas provide an abundance of unique spaces, from a 'Mini-Cini', 'Podcast Studio' right through to a hidden 'Speakeasy Bar' offering residents personal liquor lockers, and an atmospheric space to socialise with neighbours.

The interior colour palette throughout has derived from the natural dye colours found within the Victorian dyeworks, where fabrics were transformed from deep blues and rich purples to vibrant yellows. The introduction of dark timbers, brushed metals, rich velvets and natural stone provide an atmospheric and luxurious backdrop to explore, work and play.

# THE AMENITIES

UNRIVALLED AMENITIES ACROSS FOUR LEVELS

Renaker is synonymous with not only changing Manchester's legendary skyline, but also the perception of amenity space for those living in the city centre. Taking learnings from our existing developments, such as the world-class Deansgate Square, we build upon our previous successes and continually improve provision and design. We also look to introduce new, top-of-the-range amenity space to each development based on feedback from residents, changing lifestyle trends and through collaboration with design partners. Our passion is to design spaces to enhance the wellbeing and enjoyment of our residents.

Every detail has been considered across the four levels of amenity space at Vista River Gardens. The curved elevation of the second floor terrace is cut into the building providing a unique double-height lounge - aptly named 'The Fiume Lounge & Kitchen' - where residents can enjoy the river vista over gracefully manicured gardens. On the inside, 'The Fiume Lounge & Kitchen' connects seamlessly with 'The Play Room'.

The concept of connecting outside-to-in is central to Vista River Gardens. To the second floor is a breath-taking wrap-around terrace featuring 'The Wellness Deck' fitness space and climbing wall, 'The Green & Screen' putting

green and outdoor cinema, and 'The Verdant Lounge & Kitchen', complete with kitchen and dining area, all of which add to Renaker's city-wide portfolio of exceptional private amenities.

Our amenity spaces are not for hire and are for the exclusive use of those who reside at Vista River Gardens. Each of our primary amenity spaces are air-conditioned, and there are no additional charges or fees on top of the service charge to use these spaces.

Our passion is to design spaces to enhance the wellbeing and enjoyment of our residents

## THE RENAKER DIFFERENCE

Obtaining resident feedback so we can continually make improvements is important to us.

When we opened our gymnasium at Deansgate Square in 2020, we immediately began gathering feedback from our residents so we could update and improve it in line with their wants and needs, to ensure it never stagnated.

Using their feedback, we completely refurbished the gym in November 2022, redesigning the layout and adding the new equipment they requested. We also invested in a cutting-edge Tank training sled, making Deansgate Square the first residential facility in the UK to have one.

DOG SPA

## URBAN TAILS

## IT'S A DOG'S LIFE

It's not just residents who are well catered for at Vista River Gardens - your four-legged friends will feel right at home here too!

Urban Tails is a self-serve dog spa with washing and drying facilities that are perfect for getting pampered pooches spotless again after a good walk, or for simply giving them a little TLC.

## FUR FRIENDLY GREEN SPACES

We think about your best friend as much as you do, so at Trinity Gardens, we have created a pooch-friendly play area. Through our choice of plants, materials, textures, and toys, our dog-friendly garden provides stimulation and enrichment for all our furry friends to enjoy.

RENAKER

# WE DELIVER WHAT WE PROMISE

From the point of conception, Renaker aim to create places which serve to enhance the life of those who choose to make it their home. We focus on how our customers use the amenity and wider development spaces and take learnings for our future developments. How spaces are used change with time, and we are very sensitive to this. We aim to evolve our amenity offering on each development, offering unique spaces to surprise and delight residents.

Our goal is to create new, aspirational neighbourhoods that endure, and in which communities can thrive.

## WHAT OUR PURCHASERS SAY

“We initially purchased a Renaker property at Deansgate Square in 2020, and we were really impressed with the standard of workmanship and specification of the apartment, with any minor snagging issues addressed quickly and effectively.

Based on the first positive experience, we went on to purchase further investment properties, and we had the confidence to commit due to our trust in the team to deliver a quality product as they had previously. Needless to say Renaker did.

It’s rare to find a developer who actually adheres to the CGI marketing materials with accuracy – I can honestly say that Renaker achieve exactly that, and in fact, they often over-deliver in terms of additional amenities and extra touches of quality. In my experience, be it a personal home or an investment purchase, buying from a good developer is the key to ensuring a stress-free and positive experience further down the line. You won’t find better in Manchester.”

Bradley, Purchaser (Investor) at  
Deansgate Square & Castle Wharf

“I am a lucky owner of an apartment at Deansgate Square. I have moved to Manchester due to starting my clinical years at Wythenshawe Hospital, hence I was looking for a place that would be central, allowing me to enjoy the city life, yet be close to key routes that make commuting extremely accessible. Deansgate Square has it all and even more, starting with its absolutely amazing facilities and finishings, with the outstanding level of service and care provided by the onsite team.

I absolutely love Manchester for how vibrant and diverse it is, and living here makes me feel simply happy. I was not certain of what to expect since I did not get a chance to view the property prior to moving in, but now, I can most certainly say that choosing this development was the best possible decision I have ever made.”

## CREATING NEIGHBOURHOODS FOR THE LONG TERM

We understand that creating new neighbourhoods come with a great responsibility to get the balance right between residential development, commercial uses, green spaces and social infrastructure, to create sustainable communities that stand the test of time.

Delivery of large scale, accessible and attractive public realm is at the core of all our developments. Careful consideration is taken in ensuring we offer something different, whether this be a more suburban style soft green park or more civic hardstanding spaces that properly address a riverside. In this way, we are providing residents of the neighbourhoods and the surrounding local community with new and different spaces to enjoy.

We also take a carefully curated approach with all our commercial operators ensuring they are local, independent businesses, in order to provide the right offering while enhancing the local area.

### WORKING WITH THE LOCAL COMMUNITY

As part of our commitment to building sustainable communities, we have appointed a 'Head of Experience' to help bring life to the development. Their role is to work closely with our on-site teams and commercial partners, to create a year round programme of exciting events, which will enliven the spaces for both residents and the public to enjoy.

*"What makes [Renaker's] developments different to others is the standard of amenity that is on offer, but it's also the number of events that we put on, which helps to build community. We're not just seeing communities emerge and grow within our own developments, we're also seeing the public spaces being used, which connect our own residents and bring people from the wider neighbourhood [together]."*

# SUSTAINABILITY AT OUR CORE

Sustainability is a key consideration of the delivery process of each and every construction and development project we undertake.

Here at Renaker, our ethos is to develop and build sustainable facilities, homes and amenities that communities desire.

As part of our policy, we strive to continually improve our buildings' carbon footprint without compromising on quality. We do this at every step, from the procurement of sustainable and low carbon products where possible through our responsible supply chain, through to clever building design and specification, to construct a building that minimises its power usage throughout its life. We are proud to say that over 90% of our apartments are EPC rated B\*.

## SO FAR, WE ARE:

1. Implementing a plan for our buildings to achieve net zero carbon by 2038, in line with the Manchester Climate Emergency Declaration, 12 years ahead of the target date of 2050.
2. Insulating our buildings well, whilst also designing our buildings to use electricity from renewable sources.
3. Installing high efficiency white goods and secure cycle stores as standard throughout our developments.
4. Providing up to 20% of our car parking allocation with EV charging points for vehicles across all our new developments.
5. Working alongside Manchester and Salford City Councils to invest in several new pedestrian and cycle pathways to create sustainable travel routes for the local community.

### HOW TO FIND US

**From Manchester city centre**, head south on Deansgate and continue straight onto A56 Chester Road. Go past Atlas Bar on your left before taking your second left onto Great Jackson Street. The marketing suite is situated 150 yards down the road on the right.

**From the A57(M) Mancunian Way (North)**, come off at the A56 Altrincham/Trafford Park junction. Go around the roundabout and take the third exit - as if getting back onto the Ring Road. Immediately stay in the left hand lane and take the second left onto Garwood Street. Take a left onto Great Jackson Street and follow the road until you see the marketing suite on your left.

**From Princess Road**, head north into the city on Medlock Street. With HOME on your right hand side, turn left onto City Road East. Follow this road round for approx. 400 yards, and you will find the marketing suite on your left hand side.
